[ORD Capability Statement Water Research Grants with HF to OCFO 20170807.docx](#)

Richard, just doubling back with you on the ORD capability statements. The documents were sent to the IOAA (Bob, Chris, Bruce, Liz, Maureen, me, and you) by Steve Silzer and we got a reminder at this past Monday morning meeting that comments were due to OPARM by noon that day. Both Bob and Maureen provided input that was incorporated into the final product forwarded to OCFO Monday (see attached). OPARM has been asked by OCFO to confirm that you cleared the statements. Please advise. Thanks.

Mary Ellen Radzikowski

Acting Associate Assistant Administrator

Office of Research and Development
